How Do I Deposit My Money?

Now that you have money saved in your piggy bank it's time for you to take a trip to the bank. You might wonder what you will need to do once you get to the bank with your money.

Well, all you need to do is follow six easy steps and you are on your way to making your savings grow.

Ask your parent to take you to the bank and

1. Ask a teller for a savings deposit form. You can practice ahead of time by using the sample below.

2. Fill in the date, this is the day you are putting your piggy bank savings in the bank.
3. Write your name; be sure to write it clearly so the teller can read your writing.
4. Fill in the amount you are putting in your account (depositing). Is it cash, coin, or check?
5. Add the total amount you are depositing—this is your net deposit.
6. Finally...write your account number. If you don't know it, the teller can look it up for you.

The ABCs of Saving Money

Anthony Wainwright and Christopher White attended the ABCs of Saving Money SEED event where they learned how money is deposited into the bank and made calendars to keep track of their savings.

More than fifty parents and children attended the SEED family event on May 9 eager to learn what the ABCs of saving money meant for them.

A is for Account, B is for Bank...D is for Deposit...G is for Goal...I is for Interest, J is for Job...P is for Piggy Bank...T is for Teller...W is for Withdrawal. Families learned how money is deposited in an account at the bank to save for a goal, which is college for SEED participants. Interest is earned on the savings and more can be added through money earned on a job. Savings can be held in a piggy bank until ready for a deposit with a teller and finally a withdrawal can be made to go to college!!

The children personalized calendars to keep track of their savings. Construction paper, stickers, crayons, and other items were used to make them colorful. Certificates were awarded for families that have made six or more deposits in their SEED accounts. Prizes were given to families that have attended all three events.
